## OFFICIAL

Dear Office of the Solicitors Assisting

We refer to the subpoena dated 6 February 2023 directed to the AFP, particularly paragraph 2 which calls for the production of an exact copy of the brief of evidence provided by the AFP to the ODPP on 21 June 2021.

We are instructed that this brief included a very large volume of unedited video footage, including 24 hours of CCTV from a number of cameras at 'The Dock' pub, and full phone records of various phones (which exceeds 100,000 pages worth of material). We anticipate that data processing and review of this material will take a very significant amount of time, as indeed would transferring the data to the Inquiry.

Noting the desirability of avoiding the production of very large volumes of material of limited usefulness, we would like to explore with you whether the Inquiry would, at least in the first instance, have any need for this unedited video footage and phone extraction data.

Kind regards

---
